

## TONOPAH HEIGHTS TO BE DEVELOPED

The Tonopah Heights Mining company has been organized to operate a property comprising 55 acres south-west of the California and Jim Butler estates. The company is capitalized for \$1,000,000 and is officered by the following: George H. Keyes, president; J. Wesley Stewart, vice president; Arthur G. Raycraft, treasurer, and Frank J. Cavanaugh, secretary. These officers, with Charles F. Wittenberg, compose the board of directors.

The holdings adjoin the Ophir, Jim Butler and the California, on which Mr. Keyes held an option about six months ago. The Tonopah Heights takes in the flat and a portion of Mount Butler, and the ore developed and shipped from the California trends from this property. The owners of the California are asking \$50,000 for that group and the owners of the Tonopah Heights think their group is worth more than that. Work will begin in spring.

Stockholders who subscribed money to carry along work on the California with Mr. Keyes receive stock fully paid up in the new company. In connection with the plans of the Heights company it is significant that the Jim Butler is sending down a diamond drill in contiguous territory, which is regarded as rich as any of the ground held by the big companies.

## PROHIBITION BILLS BEFORE CONGRESS

(By Associated Press.)

WASHINGTON, Dec. 16.—Legislative measures aimed at destruction of the liquor traffic continue to accumulate in congress, as both houses are deluged with petitions from all parts of the country urging adoption of the national prohibition constitutional amendment and passage of other anti-liquor measures, including the Sheppard bill to prohibit the manufacture and sale of liquor in the District of Columbia.

No move was made by prohibition leaders in the house regarding the constitutional amendment reported from the judiciary committee, but Representative Webb, chairman of the committee, plans to ask the rules committee for a special rule to get the resolution before the house soon after the holidays.

House members are reflecting on the prospects for its passage and the consensus of opinion seems to be that it cannot get the necessary two-thirds majority in the 64th congress. Representative Webb is confident that the amendment will receive more votes than it did in the last congress, when it had 13 more than a majority. By the time the next congress has considered the issue he believes the victory can be won.

### LLOYD GEORGE IMPROVING

(By Associated Press.)

LONDON, Dec. 16.—David Lloyd George, the British prime minister, is improving, but he is not yet receiving visitors.

### NOTICE TO THE PUBLIC

Sixteen members of the grand jury have been constituted a sanitary committee for the purpose of inspecting the city and enforcing sanitary laws wherever any infraction is found. These jurors have subdivided the city so that every householder and every business man will be seen and the premises examined to compel the removal of garbage, waste material and to provide for the proper disinfecting of outhouses to remove elements of contagion from our midst. All offenders who do not clean up their premises by December 20th will be visited by these committees and, if the offense continues, the parties responsible will be summoned to appear to testify why they should not be indicted for maintaining a public nuisance.

### CHEAPENING THE COST OF LIVING IN TONOPAH

Live turkeys, geese, chickens, ducks and rabbits are offered as prizes at the new shooting gallery opened in the former O'Connell store on Main street. The gallery was opened last night by A. Shelly and James Snyder with a full attendance that took advantage of the chance to pick up a substantial dinner for small cost. Vall Pittman has been barred, having made two 29s and one 30 out of a possible three 30s, and won three turkeys.

### SWEET CIDER ARRIVES

The Hall Liquor company has received a consignment of several barrels of choice sweet cider. It will be sold for 75 cents a gallon and delivered anywhere in the city. Orders should be placed early.

## CAL. BROUGHER BUYS EQUIPMENT FOR TONOPAH DIVIDE PROPERTY

Gold Mountain district, immediately tributary to Tonopah, is being very actively developed. It is understood that an equipment has been purchased by Cal Brougner, who owns the controlling interest in the Tonopah Divide, and that this property will be developed to great depth on company account. Inasmuch as the ledges dip out of the hill and run parallel to its trend, it should be a simple matter to pick up their downward continuation by means of a shaft on the flat.

Messrs. Grimes & Hansen, who have had their lease on the Tonopah Divide renewed, are now working on a new ledge. It is three feet thick and averages \$60 to the ton. Some of the ore shows free gold and all pans freely. It also contains some silver values.

James Grimes, who is operating on the southeast slope of the mountain, is piling up ore for shipment. C. L. Richards, N. K. McCormack and associates, who own control of the Gold Mountain Nevada Development company, have made an interesting discovery. A narrow stringer on the surface has widened out to eighteen inches with a few feet of depth and now assays \$19.60 to the ton. Ore is being saved and the streak will be

followed down.

The Mammoth group, which is owned by Messrs. Govan and Taylor, is showing a new north and south ledge, making four that have been developed by company work and leasing. The new ledge shows very encouraging panning. There is excellent placer on this property, evidencing breakdown from ledges, not all of which have probably yet been discovered.

George Kernick, who owns control of the Hasbrouck property, has put three men to work in the mine and will double the force after the first of the year. This property has been a consistent shipper.

### PARTNERSHIP DISSOLVED

The partnership existing between R. J. Meyer and C. R. Tempe, known as Meyer & Tempe Southern Hotel Bar, Rhyolite, Nev., has been dissolved since December 5, 1916. R. J. Meyer will pay all bills which were contracted by Meyer & Tempe and collect all bills which were at that time due Meyer & Tempe. D11-61

## ROME IS MENACED BY AERIAL ATTACK

(By Associated Press.)

ROME, Dec. 16.—Notwithstanding the presence of the pope, respect for or fear of whom is supposed so far to have saved Rome from aerial attacks, it is now taken for granted that the Eternal City, with her countless monuments and works of art may soon be attacked by Austrian aviators.

While so far it has proven impossible to prevent sporadic attacks on London, Paris, Venice and other cities, arrangements have been made that may at least prevent the escape of raiders who attack Rome. The city is favored by two low mountain ranges between her and the Adriatic sea, a distance of 125 miles. But should the aeroplanes escape the coast guns and the anti-aerial guns planted on these mountain tops, the advancing aeronauts will still find in their path numerous squadrons of Italian machines. The city itself is armed with numerous high power searchlights and anti-aerial guns. The famous Seven Hills of Rome, including the Capitoline above the Forum, have each been so armed.

The Janiculum hill, which dominates St. Peter's church and the vatican, the pope's residence, has several guns planted on its brow. The vatican is protected by another

## WILL SCALE DOWN BALL PLAYERS PAY

OWNERS OF BALL PARKS SEEK BETTER RETURN ON THEIR MONEY

(By Associated Press.)

NEW YORK, Dec. 16.—After a session lasting four days, the National league club owners ended their annual meeting. During the day, President Dreyfuss of the Pittsburgh club endeavored to get his brother club magnates to agree to a reorganization of the national commission. He claimed that the commission should be made non-partisan by appointing some person unidentified with baseball as chairman in place of Garry Herrman of Cincinnati. No action was taken.

The declaration that "players salaries must be scaled down" met with unanimous agreement. The prevailing opinion was that if clubs desire to meet operating expenses and realize a fair interest on the money invested the high salaries brought about by the Federal league war must be cut down considerably.
